# Watering Restrictions

Nephi City thanks its residents and businesses for their cooperation in wisely using our water resources. The city has completed several projects that have improved the reliability of the water delivery systems as well as the summer-time taste of the drinking water.

Please remember that city ordinance prohibits outdoor watering between the hours of 10:00 am and 6:00 pm. This ordinance governs the use of both culinary and irrigation water, is not seasonal or temporary, and remains in effect today. Please help use our water resources wisely and refrain from outdoor watering during these hours, when such watering is very inefficient.

The only exceptions listed in the ordinance are the watering of newly-planted grass, short cycles necessary for inspecting and maintaining irrigation systems, and other situations specifically authorized by Nephi City.

Violation of the time-of-day watering restrictions is a Class C misdemeanor, punishable by a fine of up to \$750.

## Declaration

Whereas, the aviation industry plays a critical role in the lives of Utah residents, as well as the economic prosperity of the state of Utah;

Whereas, the aviation sector's contributions to the economy are fueled by a vibrant and supportive aviation community, consisting of forty-six public-use airports; commercial, business, and general aviation industries; manufacturing partners and educational institutions, and other aviation-related organizations; as well as many different professionals, including pilots, ground crews, engineers, consultants, and mechanics, to mention a few;

Whereas, business aviation is an important tool for companies in Utah to improve efficiency, save money, and open opportunities in rural areas not served by commercial aviation;

Whereas, many communities in Utah depend heavily on general aviation and community airports for the continued flow of commerce and visitors to our state;

Whereas, general aviation not only supports Utah's economy, but it also improves the overall quality of life by supporting emergency medical and healthcare services, and assisting law enforcement, firefighting, and disaster relief; and

Whereas, we commend the Utah Airport Operators Association, Utah Business Aviation Association, Utah General Aviation Association, National Business Aviation Association, and Aircraft Owners and Pilots Association for recognizing and promoting the interest and importance of aviation in Utah;

Now, therefore, I, Gary R. Herbert, governor of the state of Utah, do hereby declare  
April 2015 as

## Aviation Appreciation Month in Utah
